

Background information and instructions for

AGREEMENT, WAIVER, RELEASE AND ASSUMPTION OF RISK

Before hiking with us you must sign an original copy of our liability waiver provided by the hike leader. Waivers printed out from our website are not acceptable.

The Ashland Hiking Group (AHG) is a group of friends that hike and snowshoe together regularly on Mondays, Wednesdays and Fridays. Our hikes are usually within a two hour drive of Ashland and vary in difficulty.

In accordance with the procedure followed by most outdoor organizations, both public and private, members of the AHG are required to sign the AHG WAIVER, RELEASE AND ASSUMPTION OF RISK Agreement (the Agreement) in which they assume all risks associated with group activities and hold group organizers, trip leaders and other participants harmless and waive liability for any injuries, property damage, or even death that might result from these activities.

The Agreement has been drafted in consultation with a local attorney. Please review the online version of the waiver and be prepared to sign the Agreement if you wish to participate in the activities of the AHG. Before your first hike with us the hike leader will provide a copy of the Agreement for your signature. The hike leader will also witness your signature.
